## Why Sandy Haven?

- A stylish boutique hotel with great character, easily affordable for that luxury Caribbean break.
- Sandy Haven has to be one of the best placed hotels, on Negril's famous 7 mile strip of pure white sandy beach.
- Near enough to local bars and restaurants, but far enough to get away from it all.
- The convenience of having all the modern day facilities of a contemporary hotel with a Jamaican vibe that is difficult to find ... Sandy Haven has it all.
- Individually designed guest rooms are comfortable and spacious, especially those with the beachfront location.
- A popular wedding and honeymoon choice – private and romantic.

## Why Jamaica?

- Jamaica's diversity makes it an exciting and vibrant destination. From the Blue Mountain range right down to the golden sandy beaches. Jamaica is oozing with natural beauty and there is always something to do for everyone.
- Its rich culture means there is always something interesting to do or see, from the Bob Marley celebrations to the Jerk Festival during the summer.
- Jamaica is a world class destination for golf, as well as many other sporting activities including land and water based sports, hiking trails, river rafting, as well as some of the more sedate pursuits such as bird watching and discovering the natural flora and fauna that Jamaica has in abundance.
- Jamaicans are great entertainers and renowned artisans so part of any itinerary must include a visit to a Rum shop, Jerk station, art gallery or a market just to enjoy their unique spirit.
- Negril is known as the 'capital of casual' and is the perfect escape from the daily grind with its laid back ambience and picturesque sunsets.

# Personal viewpoint

True Boutique luxury on Negril's famous seven-mile hip strip of fine white sand beach ... a perfect beachfront setting, this is 'contemporary boutique' at its best. The décor is exquisite and contemporary with a stylish nod to Jamaica in terms of the art and the vibrant colours that feature around the property. The advantage here is that although the hotel has various meal plans available, there is the buzzy Negril 'hip strip' just on the doorstep, with restaurants and bars for guests to experience during the day, or at night. In our opinion Sandy Haven is a perfect small privately owned stylish resort, where the atmosphere is casual with a cool laid back Jamaican vibe ... all available for a very keen price.
